# Working in the tech industry is exciting

BE the Cause

- What caught your attention in the video?
- In what ways does technology affect your life?
- What other social or environmental problems could be solved through technology?

---

**When you grow up, what do you want to be? What is your dream?**

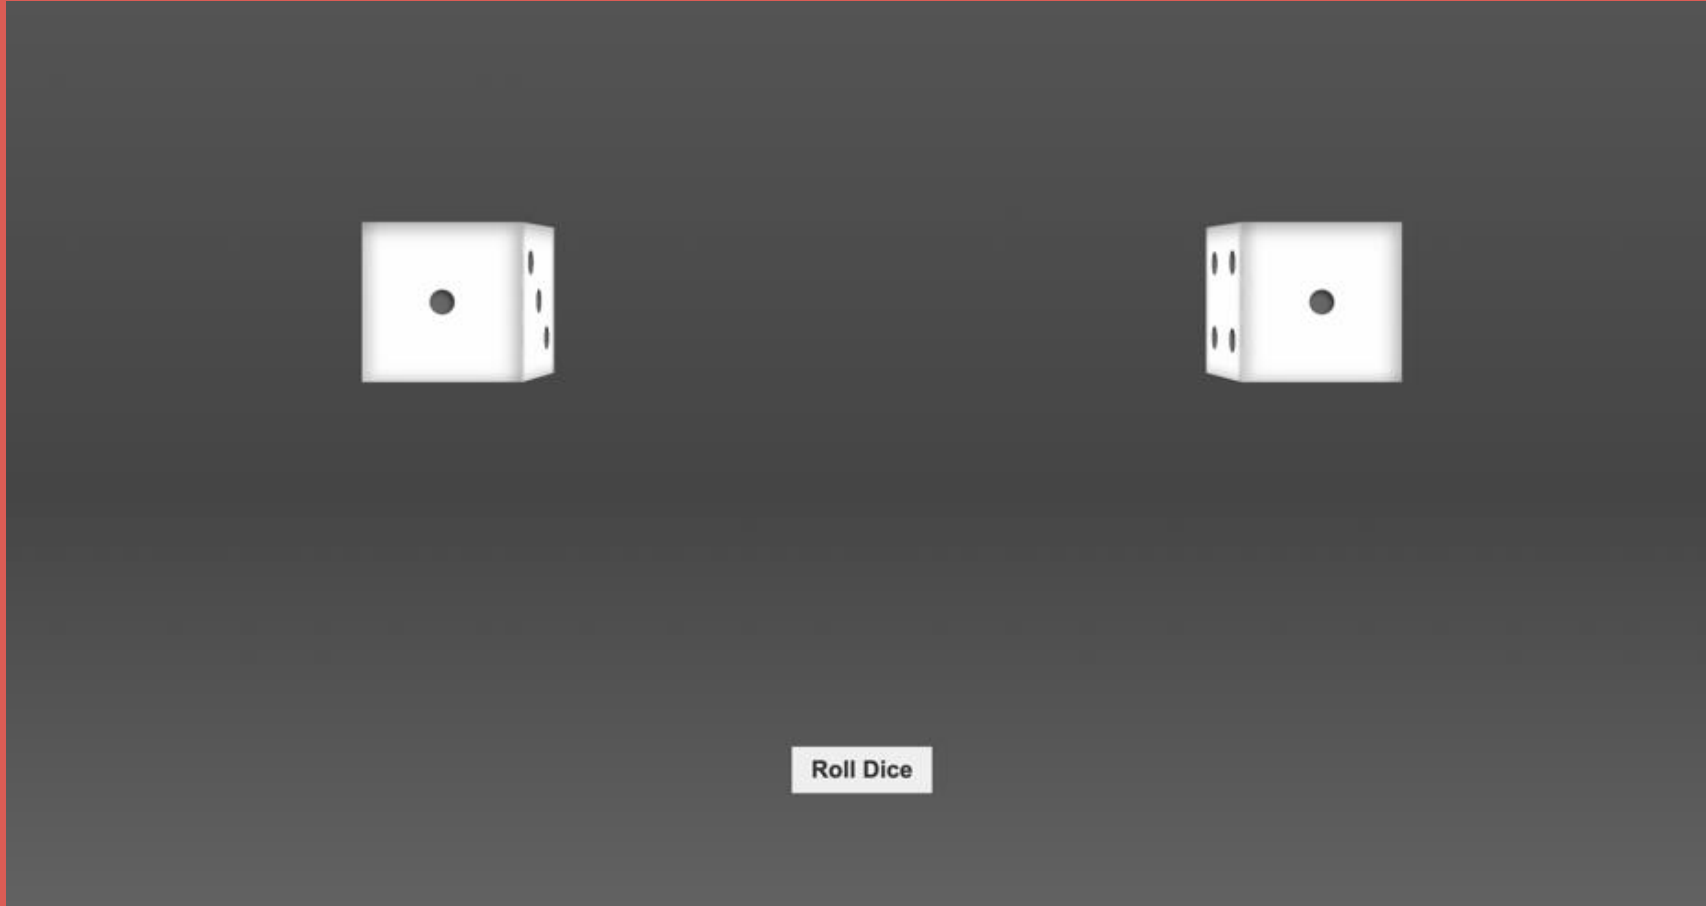

---

**Would you like to  
work in tech?  
What will you do  
to get there?**

Let's role the dice...

BE the Cause

Coding is simpler than you think and it's fun to try!

Let's play a game!

1

## CHALLENGE

---

Who wants to help me  
run the game?

## TRUE or FALSE

---

Women constitute 30%  
of employees in the  
tech Industry.

## ASK YOURSELF

---

When you fail a test,  
what do you tell  
yourself?

## TRUE or FALSE

---

Since childhood, software engineers in tech knew that this is what they wanted to do when they grew up.

## THINK...

---

What advice would you give to a friend who thinks they failed a test because they just don't have what it takes?

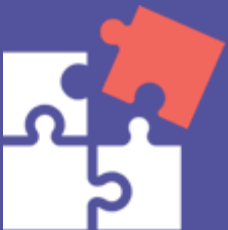

## QUESTION

---

Do you personally know a woman who works in the tech industry?

## THINK...

---

What can you tell yourself when you try something new, but you don't immediately get it right?

## GUESS THE RIGHT ANSWER

---

How many women work as engineers in tech companies?

- 1) 1:10
- 2) 1:4
- 3) 1:20
- 4) 1:2

## WHAT DO YOU THINK?

---

In which of these fields can you only succeed by being born with the right talent?

- A. Mathematics
- B. Literature
- C. Physics
- D. Music

---

**Name 3 topics  
that you don't  
know much about,  
but would like to  
explore and learn  
about.**

---

**What words of encouragement would help you try something new?**

Imagine your future
