Launching your own digital brand / MVNO? Easy as SaaS!

ConnectX is your Telco-in-a-Box that gets you up and running fast

Reach new segments | Compete with price | Improve experience | Develop new verticals & ecosystems

Faster time-to-value

3 months to launch a new telco

5 minutes to launch a new offer from idea to production

70% better Net Promoter Score (NPS)

10 people or fewer to run a full MVNO/MVNE

60% fewer clicks for customers to buy a new service

Launch innovative mobile services quickly, manage complex subscriber lifecycles, and unlock new revenue streams.

Amdocs connectX is a SaaS suite built to provide a one stop shop for care, commerce and monetization needs of digital brands, MVNOs and other service providers.

MVNOs needs

Business Flexibility | High Scalability | Cost structure to meet the business model

Amdocs solution

Rapid time to market

Get up and running quickly with a user-friendly interface, pre-built workflows and easy setup process.

Focus on what matters most

Secure wholesale agreements and target niche markets with confidence, without managing the complexities.
