Market position

Amdocs is a leading software and services provider to communications and media companies of all sizes, accelerating the industry's dynamic and continuous digital transformation. With a rich set of innovative solutions, long-term business relationships with 350 communications and media providers, and technology and distribution ties to 600 content creators, Amdocs delivers business improvements to drive growth.

As our industry transforms at pace, amdocsONE provides service providers with the broadest set of products and services to grow revenue and build loyalty. Uniquely designed to meet the challenge of our customers' hybrid environment, amdocsONE is available on an open, modular architecture, built on cloud-native microservice technologies for high-velocity time to market. Deployed using DevOps in small iterations to control costs, amdocsONE brings optimal scope and drives agility. Our innovation, with rich partner-based services, further drives our industry leadership and deep domain knowhow.

Amdocs' market offerings address five business imperatives:

- Grow revenue and deliver superior user experience
- Entertain your customers and leverage the digital ecosystem
- Enable the enterprise and connected society
- Evolve to a service-driven network
- Drive agility and operational excellence

Our offerings are underpinned by our technology foundations, including Microservices360, cloud, open source, open APIs, artificial intelligence, machine learning and data analytics.
